Meetup times

Interest group meetings and events for subsets of conference

Concurrent scheduled activities and opportunity to "drop in" (WiMIR tables) and visit with collegues

Open virtual meeting rooms for spontaneous gatherings

Beyond this schedule, the conference slack will be open 24/7 for participants to interact directly and through the various channels to provided.

Labs and teams will be able to make channels for themselves. Open channels can be set up on demand.

Note: intervals not isochronous

Participants can attend any two successive blocks to engage in all synchronous activities

Presenters attend one repeated block in order to present to all participants, attending 3 blocks in a day.

Blocks were scheduled to ensure:

two blocks begining within normal working hours (8:00-18:00) for registered participants.

three blocks begining within normal waking hours (7:00-24:00) for registered presenters.

Poster Sessions (same for Late breaking Demos, MIREX, and Industry Exhibits)

8-12 concurrently presenting poster channels per 45 minute slot, with live audio/video chat

Each poster presented in two slots for global visibility (#A and #B)

Poster slack channels open throughout for asynchronous chat as well

All Meetings and Concerts

These conference-wide events happen twice in 24 hours (A and B)

The first time is recorded live in Zoom and streamed out

The second time rebroadcasts stream with live Q&A where appropriate
